Speaker	2W
Microphone	Dual Mic, Noise Reduction
USB	Type-C
Earphone	M6 Port
Dimensions	147x70x24mm
Weight	333 gr
Protection	IP8
Battery	Li-Ion, 5300mAh

POWERFUL CPU
An up-to-date operating system running on a 4-core 1.3GHz processor enables it to seamlessly support external bussiness applications to be installed on the device.

TOUCH SCREEN
Supports a 2.8" QVGA touch screen.

SAFE AND DURABLE
It is dust and water resistant, with an IP68 protection level.

LONG-LASTING BATTERY
Boasts a long-lasting 5300 mAh Li-Ion battery that facilitates quick charging.

LOCATION TRACKING
Supports real-time location tracking with PlusPTT Dispatcher Console.

HIGH DEFINITION CAMERAS
8MP rear and 5MP front high definition cameras.

BUILT-IN WIFI, BLUETOOTH, AND NFC
Ensures continuous communication by switching between WiFi and LTE networks automatically. Bluetooth accessories are supported. Supports PlusPTT Patrol features with built-in NFC.

EMERGENCY ALARM
Supports one-touch SOS button to send alarm to both Dispatcher Console and other users.

HIGH QUALITY SOUND
Two microphones with digital noise cancellation and a 2W high-quality speaker.
